MarBella Nido Suite Hotel & Villas

Marbella Nido translates to the nest that overlooks the beautiful sea, and that description runs true for this cosy, quiet hotel. Set beside a scenic village in Corfu and surrounded by historical monuments and scintillating beaches all waiting to be explored, this adults-only hotel and villa complex is the perfect start and end point for an incredible day of sightseeing. Hidden by the green hills it sits upon, surrounded by trees, with its own beach, it's a peaceful respite of dreams.

MarBella Nido's simplistic and mature interiors are inspired by Venetian and Byzantine art and this inspiration can be found in every part of the hotel from the rooms to the restaurants and even the outdoor pool area. Guests can enjoy a refreshing swim in the turquoise waters of the pool, bask in the golden sun at the beach, pump their adrenaline with a series of water sports, or work out at the fitness room without any worry of a disruption from noisy children stealing everyone's attention.
